NUMBER 40.

## Ecton Wins Easy.

Yesterday's primary for State Senator in this county was so quiet that many people did not know it was on, and in fact did not vote. It was the smallest vote ever cast in Bourbon county at any election ever held. This was due to the fact that the people have believed Clark county ought to have settled this between their two candidates without outside interference, as THE NEWS had suggested months ago.

The vote stood: Ecton, 493; Thompson, 221. Ecton's majority, 272.

Thomson carried Montgomery by 55 majority.

Ecton carried Clark county by 312 majority.

Ecton's total majority in the district, 499.

## A Bunch of Tax Suits.

Several parties who have had occasion to visit the County Clerk's office in this city in past few weeks have been wondering what W. S. Cason, of Cynthiana, was there for every day, with his coat off, going through the mortgage books. By his filing, on Wednesday, in the County Court of 18 suits for back taxes explains everything. The suits are filed in name of State Revenue Agent Harrison. They are for taxes for the years 1900, 1901, 1902, 1903, 1904, and the amount given after each name is the total for the five years, viz: Martin Doyle, \$17,000; Wm. P. Ardery, \$45,900; David S. Allen, \$10,000; Mrs. Henrietta Ewalt, \$25,000; Amos Turney, executor, \$35,000; John Brown, \$4,000; S. W. Summers, \$7,000; Amos Turney, guardian of Edna Turney, \$40,000; Dr. M. H. Dailey, \$83,970; Denis Hanly, \$23,200; Letitia Hedges, \$15,300; Jno. Donaldson, \$40,000; Lucy and May Colville, \$10,500; Mrs. Maggie T. Clay, \$50,000; Mrs. Lucille T. Clay, \$50,000; J. B. and Delia Stevens, \$4,000; Robt. C. Talbott, administrator of Jno. S. Conn, \$39,000; Eliza A. and Sadie F. Hart, \$21,000.

The property consists of land, cash, notes, mortgages and accounts, that have not been listed in the past five years.

## Good Recommendation.

In his address at the State Dental Association, at Lexington, President J. C. Montgomery advocated the introduction of dental hygiene into the public school course that children might know how to preserve their teeth. The association endorsed the recommendation.

## Bourbon Doctors Entertained.

Dr. Wm. Kenney and Dr. Wm. K. Dudley entertained the Bourbon County Medical Society last evening at the home of the former, on Mt. Airy Avenue, to a six o'clock dinner. There was a full attendance of the members of the society, and the invited guests were T. E. Moore, Jr., Denis Dundon, Dr. M. H. Dailey, Dr. Dr. E. L. Stevens, and representatives of the three Parispapers. It was a six course dinner and never did man sit down to a more delicious one, it being prepared by Cateress Belle Morrow.

The hospital subject was taken up and discussed by the doctors in a most favorable manner.

It was declared by everyone present to have been one of the most enjoyable and entertaining meetings yet held by the society.

## First Business in New Building.

On Wednesday, County Clerk Paton issued the first marriage license in the new court house to Reason Custard and Annie Hill, colored.

The first deed recorded was Pugh Lovely to W. P. Hume, house and lot on Plea an' street for \$1,500.

The second deed was Jos. Feix and wife to Wm. S. Hall, near Sha'whani, for \$8,300.

The first mortgage recorded was Lewis Smith and The Shropshire Co., \$500 on house and lot in Brownstown.

## DEATHS.

—Eliza, the little one-year-old daughter of Mr. and Mrs. S. S. Fitzpatrick, tenants on the farm of Martin Talbott, on the Winchester pike, died Tuesday morning at 3 o'clock. Burial Wednesday afternoon at Winchester.

—W. T. Adams, local editor of the Winchester Democrat, died suddenly in that office Monday afternoon from an attack of apoplexy. He was 53 years of age and leaves one daughter, Miss Jessie, of Lebanon, Ind. Mr. Adams formerly lived in Paris, being Secretary of the Paris Hedge Fence Company. He was a congenial man, bright and witty, and had become widely known as a newspaper writer.

—E. M. Smith, aged thirty-six years, of Cynthiana, died in Phoenix, Ariz., Wednesday morning of consumption. Mr. Smith was a prominent young attorney and at the time of his death was Police Judge of Cynthiana. His remains will arrive there Wednesday and will be taken in charge by the Elks.

Paris, Ky., Friday, May 19, 1905.

In every town in Kentucky of any size, except Paris, the vagrancy law is being enforced vigorously. To the square inch, we venture the assertion, that there are more vagrants in this community than in any of these surrounding towns in which they are going after them with such a vengeance. Why, only a few weeks ago the farmers of this county were compelled to send agents to surrounding towns for hands to brake their hemp. In our hackling houses here you will find negroes from Fayette, Woodford, Scott, Clark and Boyle counties. Now, why is this? It is simply because you cannot hire the men here to do the work for love or money. It is certainly not the scarcity of laborers, for what community under the sun can boast of more negro men than this? Why should this law be allowed to be a dead one in this county? It is only a breeder of crime in any town or county where this vagrancy law is entirely ignored by the officials like it is here. We trust that some faithful official will make a move on these worthless vagrants; if you do, you will have the respect and esteem of all law abiding citizens of this community.

ONE of the most dangerous and disgraceful places in our town, especially on Saturday nights, is an alleyway on Eighth street, between Main and High. Citizens who are compelled to pass this place State that their lives are in danger every time they pass it after dark. It is a rendezvous for the lowest and toughest element of our town, both black and white. Such places as this and the manner in which a number of other "joints" are conducted just now, more offensive perhaps on Sunday than any other day, are the causes that precipitates local option fights. This is only a gentle reminder, but we want to tell you, if things ain't changed a little in this 'burg from the way they are running at present, you are going to have a local option fight here that will shake the roofs over your heads. A word to the wise should be sufficient.

We have heard expressions from a number of leading citizens in favor of the City Council raising the salary of the next Mayor from \$300 to \$1,000. Also for a salary to be fixed for the Councilmen. Their argument was that by doing this you could find men to run for these offices that would attend to them without any pecuniary loss, and take some interest in things in general. We, of course, mean no reflection whatever on our present Mayor or Councilmen, we are only giving the opinions of a large number of people who are talking just at this time. It is the opinion of the News, however, that the money paid to the officers mentioned would be a good investment, and would redound to great good and benefit to the city of Paris.

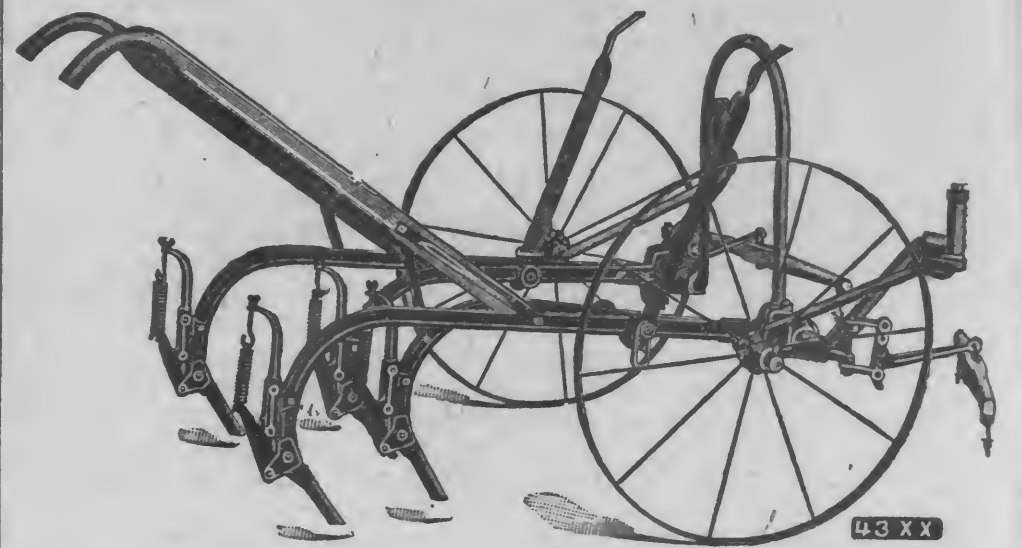

WHENEVER a minister makes a center shot somebody is going to get mad. It was the case even with the colored minister who was invited to pray for the New York Legislature and it is safe to say his services will not be needed again. He prayed that the Almighty would guide the assembly through life and bring the members safely to "that general assembly where Jesus Christ is the speaker and business is transacted without graft or the dictation of a lobby." So many of the members took it as a personal reflection that they were too nervous to do business all the rest of the day. If more of our white ministers would do likewise and shoot at the mark instead of over the heads of the people we might hear from more of their prayers.

It is stated that Nan Patterson has accepted an offer of \$1,000 a week to appear in vaudeville next season. It is expected that Johann Hock will arrange his affairs so as to appear in her support. Judge Hargis and Ed. Callahan will appear with the company, doing a little sketch entitled "The Mountain Terrors."

WHAT on earth are we coming to! No wonder we have electrical storms, cold snaps, etc. Just think of it, an Ohio man has declined a Federal appointment.

### Confederate Reunion.

Persons intending to attend the Reunion will please notify Judge Russell Mann or A. T. Forsyth.

A special car will be placed at the disposal of those attending the Reunion, provided there are fifty or more from Paris. The round trip fare will be \$2.15.

The official button of the reunion has been adopted. It will show a background of the Confederate flags with a portrait of General John Cabell Breckinridge.

The oldest Confederate soldier in Kentucky, and probably in the United States, is Dr. Alexander Hamilton Wall, formerly of Ruddells Mills, where he practiced medicine, and now resident of Maysville. Dr. Wall and his son, Hon. A. H. Wall, a Confederate, will attend the Reunion.

Among the many features of the reunion, prominent will be: Steamboat excursions; barbecue at Shawnee Park; concerts in all the parks; reception at Galt House; garden party at Shawnee Park; all the theatrical attractions; sponsors' ball in the horse show building; latest, largest and most novel decorations; short parade, with countermarch on Broadway, the most beautiful boulevard in America. Everything will be absolutely free to all veterans wearing badges, nothing else required; but great care will be exercised in issuing badges. These will bear the portrait of John C. Breckinridge, who left the Vice-Presidency and the United States Senate to fight for the South. He was the first commander of the Orphan Brigade.

### Absent From His Office.

Dr. J. T. McMillan is attending the Kentucky Dental Association meeting at Lexington, and will be absent from his office the remainder of the week.

### Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Oberdorfer, the druggist, price 50c.

### Freaks of Lightning.

There were several freaks played by the lightning in this community on Saturday last. At Mr. John Woodford's, near town, it followed the telephone wire into the bedroom, setting on fire a very large calendar and burning the paper from the wall from the floor to the ceiling. When Mr. and Mrs. Woodford, who were absent at the time, returned and saw the havoc played they were unable to explain, why the house did not burn to the ground.

The same morning at the home of Mr. Woodford's father, Mr. Buckner Woodford, on Main street, this city, freaks were being played there. It struck the cornice on side porch and run with telephone wires into the house, splitting the baseboard in a room just as if it had been done with an ax. It then jumped into the bath room and completely burned up the brass chain that is attached to the stopper in the tube. Then went with the water pipes to the kitchen, where great balls of fire leaped into the sink and from the large boiler on stove. The cook was nearly scared to death, but escaped uninjured, as everyone else did in the house.

### A Big Coal Deal.

What will doubtless result in a \$3,000,000 coal deal was consummated at Sturgis, Ky., Wednesday, by Thos. A. Nevins, at New York, President of the United State Gas, Coal and Coke Company, of Sturgis, purchasing the plants and property of the Trade-water Coal Company, the Baker Colliery near Wheatcroft, and nearly 100,000 acres of valuable coal lands in that territory at a price approximately \$1,000,000, all of which, it is reported, will be turned over to the North American Company, a part of the industrial combine, of which J. P. Morgan is the President, which absorbs it at a price of about \$3,000,000.

**Insure with W. O. Hinton. He has the right kind of insurance.**

**Tobacco Growers Will Try It Again.**

The date has been fixed for the district convention of Burley tobacco growers, representing each of the thirty-four counties in the Burley belt. The convention will be held at Lexington on Tuesday, May 23.

The convention will be composed of delegates selected at county conventions to be held in each county tomorrow.

The call for these county conventions has been sent out by President Hawkins, of the Burley Growers' Company, under whose auspices they will be held.

The district convention will take up the discussions of a means of financing the next Burley tobacco crop. A plan has been devised by a committee of three, of whom Archibald Stuart, of Cincinnati, is one, and this will be reported at the meeting.

Chas. S. Moore, a special attache of the Government at Washington, who has been detailed to investigate the tobacco situation in detail, will arrange to attend the convention with a view to gathering further data.

# BOURBON FEMALE COLLEGE.

One of Bourbon's Foremost Institutions that Ranks  
Among the Highest in the State

WITH this issue of the News, we take pleasure in presenting to our readers a splendid half-tone cut of Bourbon College.

The city of Paris is to be congratulated upon having within its borders this splendid educational institution, within whose walls young ladies are not only taught the higher branches of learning, but receive a home training that fits them for the higher and nobler aims in life.

The College presents a faculty of nine, with Prof. M. G. Thomson as President, whose reputation as an educator is not confined to the boundaries of his own State. Assisting him in the work of educating our young girls is his wife, Mrs. M. G. Thomson, graduate of Daughters College and one of the most refined and cultured women educators of our country.

For the coming year Prof. Thomson has employed Mrs. Mary Crutcher,

ing boarders. For the coming school year additions will be made to the already commodious buildings that will enable Prof. Thomson to house forty boarders. The school rooms are large, well lighted, ventilated and steam heated.

The College is located on one of the highest points in the city, and commands a splendid view of the surrounding blue grass country. There are nearly five acres in the inclosure, affording a natural drainage. The shaded walks and drives through the beautiful front lawn present a picturesque and inviting appearance.

The writer had occasion a short while ago to pass by the college grounds about 6 a. m. and it was indeed a most attractive sight to see about thirty young ladies walking about the lawn with books in hand studying their morning lessons and at same time enjoying the health-giving

BOURBON FEMALE COLLEGE.

of Frankfort, who will receive the best salary paid any lady teacher in the State of Kentucky. Mrs. Crutcher is one of the best educated teachers in the country, and her services have been much sought after by the presidents of various colleges. Her life work has been devoted to the higher education and Christian training of young women. For ten years she principal was of the Midway Orphan School, and for the past five years has taught a private school near Frankfort for young ladies, who, with a certificate from her, could enter any college in the United States. Mrs. Crutcher is a gifted linguist, teaching five different languages and speaking three of them fluently. At Bourbon College she will teach mathematics, Latin and German.

No college in the State presents a higher course of instruction, or offers a better guarantee to parents for the proper education and thorough training of their daughters than Bourbon College.

The past year was the most prosperous in the history of this institution, far exceeding the anticipation of Prof. and Mrs. Thomson. Ninety pupils were in attendance, thirty-three be-

exercise.

No better endorsement can be given any college than by the home people who know it best. Of the thirty-three boarders in attendance, twenty-two are from Bourbon, ten from other Kentucky counties and one from Knoxville, Tenn. In accepting pupils Prof. and Mrs. Thomson use great care that no one with improper training may be admitted to the school. They always visit the home of the applicant, note the environment, and they assure their patrons, and those who may contemplate sending their daughters away from home to receive the advantages of a good education and a proper Christian training, that Bourbon College offers inducements that are unexcelled.

The closing exercises of the college will occur in a few days, program of which has already been published. We extend to Prof. and Mrs. Thomson our best wishes for the continued success of their efforts to give to Paris and the citizens of this and other counties of our grand old Commonwealth, a first-class institution of learning and proper training for our priceless jewels, daughters of "the old Kentucky home."

His mother's death was a sad loss to Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. While away from home his members thought they would surprise him and fill his larder to overflowing with everything imaginable in the eating line. ## MARKET LETTER.

(Reported by Chrystal & Co., Wilson Building, Paris, Ky.)  
Paris, Ky., May 18, 1905.  
CHICAGO GRAIN.

Wheat.—With cables  $\frac{3}{4}$  lower the market opened  $\frac{3}{4}$  cents lower here. After July struck 86 flat there was a good buying market, and with some resistance wheat worked up a cent. A moderate reaction followed, but later foreign news and a strong cash market started wheat soaring.

Minneapolis had a corner in July and our market followed.

July advanced 3 cents and Sept. 2 $\frac{3}{4}$  before any reaction.

More rain and fear of rust also started covering. The market held the advance all through, closing above any previous high price in the start of the bulge.

Some strength in the grain pit followed by the corn market was neglected for wheat.

Chicago Receipts.—Cattle, 7,000; hogs, 21,000; sheep, 14,000. Market steady.

Provisions closed strong and are working gradually higher.

### Failed After Hard Tussle.

Zack Boyd, a local negro coal peddler, who has for some time shown evidence of insanity, attempted to brain a negro woman in Newtown with a club Tuesday. When prevented from this by a number of bystanders he tried to set fire to her house. Chief of Police Hill soon landed upon the scene and after a hard tussle the infuriated man was hauled by him to jail in his coal wagon. Chief Hill was compelled to call six big negroes to assist him in making the arrest. He will be tried to-day.

## HOW TO AVOID GERM DISEASES.

Strengthen the Stomach and Digestion and You Will Keep Well.

When there is an epidemic of germ disease, and most diseases are caused by germs, it is the person with the weak stomach who succumbs first.

People with healthy digestion are ordinarily not subject to sickness, and can throw off readily any disease germs that enter the system.

Strengthen the stomach and digestive organs with a Mi-o-na tablet before each meal, and every atom of food taken into the stomach will be digested and assimilated, and the whole digestive system made so healthy, clean and sweet that there will be no chance for disease germs to breed.

If you suffer with pains or distress after eating, headache, belching of gases, sour food, a bad taste in the mouth, dizziness, pains in the heart, specks before the eyes, and a general feeling of despondency and weakness, you should get well at once by strengthening the stomach with Mi-o-na. Just one small tablet out of a fifty cent box before eating, and your digestive system will become so strong that you will be the embodiment of good health and spirits, and need fear no germ diseases.

Ask Clarke & Co. to show you the guarantee under which the sell Mi-o-na; it costs nothing unless it cures.
